

Proteo Ultra

Relieve Inflammation. Restore Motion. Reclaim your Life.

Did You Know...

Inflammation helps your body heal, but when it lingers, it can increase pain, limit movement, and slow recovery.

Proteo Ultra is a high-potency systemic enzyme blend that supports a healthy inflammatory response, helping to reduce swelling, ease joint discomfort, and restore mobility, without risk of long-term NSAID or steroid use. It's a smart, natural tool for anyone recovering from injury or managing pain.

The HealthSource Difference

Think of Proteo Ultra like Pac-Man for inflammation, systemic enzymes that go to work "chomping" away excess inflammation proteins that slow healing and cause pain. Unlike pain relievers that just mask symptoms, it supports your body's natural recovery process and works hand-in-hand with your chiropractic care to help you feel better, faster.

What is it?

- Clinical-grade systemic enzyme formula with Serrapeptase, Papain, and Bromelain.*
- Natural inflammation support that works throughout the body, not just where it hurts.*
- A chiropractic-recommended alternative to long-term over-the-counter pain relievers.*

What it Does?

- Helps break down excess inflammatory proteins, reduce swelling, and support tissue recovery.*
- Supports joint comfort, flexibility, range of motion, and acute injury response.*
- Works with your care plan to support real, lasting results, faster.*

Why it Matters?

- So you can heal faster and get back to things like walking the dog, playing with your kids, or hitting the gym without pain.*
- Makes it easier to bend, stretch, lift, and move without pain slowing you down.*
- Supports your recovery without relying on pills that mask pain or carry unwanted side effects.*
