## DISC

A Supplement To Support Disc Health\*

MADE WITH  
**NON  
GMO**  
ingredients

### Did You Know...

Your spine is only as healthy as its connective tissues and discs. Just like your joints, certain key nutrients are very important to helping to maintain the health of the intervertebral discs and connective tissue in your spine.\*

### The HealthSource Difference

HealthSource Disc contains 14 synergistic nutrients that focus on the synthesis and restorative processes of spinal connective tissue. These unique ingredients allow for improved delivery.

#### FEATURES

- Key ingredients to support healthy cartilage
- Mineral Complex with Silicon
- Amino Acids and Enzymes

#### BENEFITS

- Supports healthy connective tissue of the spine and intervertebral discs\*
- Profile of minerals to help maintain the optimal structure and elastic nature of connective tissues, including those of the intervertebral discs.\*
- Contains ingredients required for normal bone growth and synthesis, formation of cartilage, healthy nerve function and healthy synovial fluid within the spine's connective tissues\*

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.
